OBJECTIVE

After 14+ years in the IT industry I am looking to start a new career where I do not always need to be in front of a computer monitor.

QUALIFYING HIGHLIGHTS

- From a young age, I worked on my families farms and ranches. I am no stranger to hard physical labor and in fact I enjoy it.
- I have always worked on my own vehicles performing standard maintenance and repairs as well as electrical work. I enjoy mechanical work and I'm excited to learn.
